Friends of a murdered Courtland Township woman say they hope billboards featuring the victim will bring new attention to her case.

41-year-old renee pagel was stabbed to death last August. Her body was found at her northern Kent County home.

Her friends convinced Adams Outdoor Advertising to donate a billboard for a year featuring Pagel's photo, information about her, and Silent Observer's number.

The first billboard is up along M-6 near East Paris. The billboard will be moved throughout the year to other Kent County locations.

If you have information on the case, call Silent Observer at 774-2345.
